### Promotional Tools

#### Part 1: Your Raw Affiliate Link:

There are TWO affiliate links for you to choose from, depending on how you want to promote "Fast Profits Formula 2.0"...

##### 1) Standard Front-End Sales Letter - \$19.99 (100% Commissions):

[http://www.marcmilburn.com/affiliate-redirect/?p=\\*\\*\\*\\*\\*&w=fpf](http://www.marcmilburn.com/affiliate-redirect/?p=*****&w=fpf)

(Remember To Replace '\*\*\*\*\*' With Your Affiliate Username)

##### 2) Free Front-End Report - \$19.99 Upsell (100% Commissions):

[http://www.marcmilburn.com/affiliate-redirect/?p=\\*\\*\\*\\*\\*&w=fpf-free](http://www.marcmilburn.com/affiliate-redirect/?p=*****&w=fpf-free)

(Remember To Replace '\*\*\*\*\*' With Your Affiliate Username)

#### Part 2: E-mail Swipe Copy

##### E-mail #1

Subject Lines (Choose One):

Newbie to \$4,978.34/month  
The Fastest Way To \$5,000 Per Month Online  
\$5k online in less than 30 days

Message Body:

Hey FIRSTNAME,

One of the fastest and easiest ways to start making money online fast is selling your own info products.

--> Insert Affiliate Link Here--

My buddy Marc actually used this great system to go from zero to almost \$5,000 per month - in less than 30 days.

--> Insert Affiliate Link Here--

Marc had spent three years failing online, until he discovered this magic

(Remember To Replace '\*\*\*\*\*' With Your Affiliate Username)

# How To Create Your Minisite

# How To Create Your Minisite

- 1) Employ a 'Minisite Designer' to build graphically appealing and branded pages specifically for your product. They will create a graphical design and then code it into an HTML page so that you can simply add your content to each page;

## How To Create Your Minisite

- 1) Employ a 'Minisite Designer' to build graphically appealing and branded pages specifically for your product. They will create a graphical design and then code it into an HTML page so that you can simply add your content to each page;
- 2) Use a generic minisite which will work for any product, in any niche. The pages themselves are plain and not branded towards any specific product. We're actually supplying one of these templates for you if you decide to take this route;

## How To Create Your Minisite

- 1) Employ a 'Minisite Designer' to build graphically appealing and branded pages specifically for your product. They will create a graphical design and then code it into an HTML page so that you can simply add your content to each page;
- 2) Use a generic minisite which will work for any product, in any niche. The pages themselves are plain and not branded towards any specific product. We're actually supplying one of these templates for you if you decide to take this route;
- 3) Use a push-button sales page creation software, such as OptimizePress to generate pages for you in WordPress and then fill out the various pages with your sales copy and product downloads. I would, however, employ a designer to create a custom header image for your products.

# Editing Your Pages

## Editing Your Pages

- If you choose option 1 or 2, you will end up with your pages as a 'blank canvas'. You'll need to add your sales letter, your downloads, your affiliate tools etc manually;

## Editing Your Pages

- If you choose option 1 or 2, you will end up with your pages as a 'blank canvas'. You'll need to add your sales letter, your downloads, your affiliate tools etc manually;
- Fortunately, it doesn't matter if you're not a web design wizard as you can use simple (and free) software to edit your pages;

## Editing Your Pages

- If you choose option 1 or 2, you will end up with your pages as a 'blank canvas'. You'll need to add your sales letter, your downloads, your affiliate tools etc manually;
- Fortunately, it doesn't matter if you're not a web design wizard as you can use simple (and free) software to edit your pages;
- Websites are built in HTML (hypertext markup language) which is a specific programming language for the Internet. If you don't know HTML (and I don't) it can be scary, which is where a WYZIWYG program comes in;
